MUSIC IN OUR SCHOOL DAY

Why Do We Teach Music?

Yes, we do hope some students may major in music
Yes, we hope that some students may one day play or sing professionally
Yes, we hope that many students will find it a relaxing, fun experience

But-far more than these -

to help every youngster
be more human
recognize beauty
be sensitive
be closer to an infinite beyond this world
have something to cling to
have more love, more compassion,
more gentleness, more good
in short.....more life.

That's Why We Teach Music!

Thursday, March 13, was nationally observed as Music In Our Schools Day. This observance was sponsored by the Music Educators National Conference to focus public attention on the goals and processes of music education in the schools. We are observing this day with our concert this evening.
