11TH PA Volunteer Infantry Fife and Drum Corps

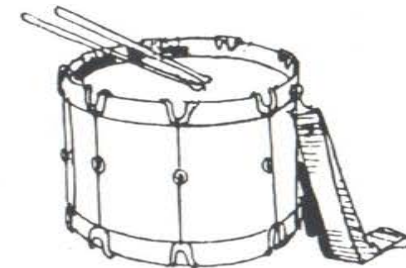

The 11TH PA Volunteer Infantry Fife and Drum Corps is an authentic Civil War living history unit from Gettysburg, PA. The unit performs at more than 25 events annually. Music popular during the Civil War is played on six hole fifes and rope tension drums made to sound and look like those used 125 years ago.

In addition to the musicians, the unit has an infantry which performs drills and responds to calls by the drums. The uniforms are reproductions of authentic uniforms worn by the Union Soldier during the Civil War and are made of 100% wool. The unit consists of members from the Gettysburg, Harrisburg, York, and Baltimore areas.
